Site Plan: MST Layout

FOR DISCUSSION

Artist Impression of Operations Building – Front Elevation

Artist Impression of Operations Building – Rear Elevation

Artist Impression of Operations Building – Front Elevation

Forthcoming Activities:

Site visit and meetings with IAC – July 16th

IAC – CTA to develop coordinated *Holistic* approach to design of the site.

Discuss and finalise the Scope of Work for phase 1 and phase 2 construction Activities.

Objective of meeting:

- Discuss with the IAC design strategy
- present coordinated approach to Authorities
- Both Cabildo AND Garafia

Site visit and meetings with IAC Documents for the Meeting –

Sustainability Study to study the impact

Develop drawings to show all proposed development

Which explores the impact of the site in the mid-term to long-term impacts of the site.

This should explore the following:

Outreach

Tourism

Employment

The End

Thank you.
