

MWL Projects for CTA-Oz

- Optical transients Focus Group membership (LSST is current priority)
- CTA-Pol
- ATCA (BIGCAT upgrade & new science opportunities)
- CTA-Oz involvements in KSPs
- Identify students and projects to engage in process
- CTA White papers (CTA-MWL, CTA-SKA, CTA-ATHENA)....still in progress

Future Funding

- NCRIS/AAL for CTA Science engagement (was \$100k/yr)
- New strategy
 - exploit CTA's MWL linkages and need for HP computing (ADACS)
- joint CTA-Oz + MWL meetings (F2F) ~\$10-20k/yr one/yr ?
- Aligned to AAL's priorities (optical/radio/computing)

SST Camera Production

- Production of 1st camera 2022, and then production line until 2025/26.
- 1-2 FTE from CTA-Oz (0.8 FTE S. Einecke)
- FTEs from students to help? (LIEF could possibly support)
