

# CTAO Science Symposium 2024

## Wednesday, 17 April 2024

### Cosmic Rays - Teatro Duse (11:00 - 13:05)

-Conveners: David Berge

time	[id] title	presenter
11:00	[50] (EARLY CAREER) Modeling the Galactic center gamma-ray emission with more realistic cosmic-ray dynamics	SCHERER, Andres
11:15	[51] (EARLY CAREER) The contribution of Stellar Clusters to Galactic Cosmic Rays constrained by gamma-ray observations	PERON, Giada
11:30	[52] (EARLY CAREER) Cosmic ray propagation in the proximity of sources: TeV halos in the era of CTAO and ASTRI	RECCHIA, Sarah
11:45	[53] Recent scientific results from LHAASO	YANG, Ruizhi
12:05	[54] (EARLY CAREER) Observation of Cygnus Region with LHAASO	LI, Cong
12:20	[55] First results from XRISM	NAKAJIMA, Hiroshi
12:40	[82] POSTER SPARK SESSION #3
