

CTAO Science Symposium 2024

Wednesday, 17 April 2024

MM & Instrument - Teatro Duse (16:20 - 18:05)

-Conveners: Bruno Leibundgut

time	[id] title	presenter
16:20	[62] The electromagnetic follow-up of GW events at TeV energies with the CTA-Observatory	Dr STAMERRA, Antonio
16:35	[63] (EARLY CAREER) Using gravitational wave early warning to pre-point neutron star mergers	TISSINO, Jacopo
16:50	[64] (EARLY CAREER) Evaluation of the Cherenkov Telescope Array Observatory performance to the gamma-ray emission from neutrino sources detectable by the IceCube and KM3NeT neutrino telescopes	CICCIARI, Gloria Maria
17:05	[65] (INVITED) Future radio instruments relevant for CTA science & science from SKA precursors	BONALDI, Anna
17:35	[66] (INVITED) Future optical instruments / transient factories relevant for CTAO science	PELTON, Julien
